

Tenth Symposium on PERFUSION

Dear Friends and Colleagues,

It gives great pleasure to invite you to attend the Tenth International Symposium on Perfusion, organised by the Belgian Society of Extracorporeal Technology, in Antwerp on the 7th of October 2006.

This year, three internationally renowned speakers are invited. As in previous years, abstracts on different perfusion related subjects will be accepted to complete the program. It will be, once again, a interesting program to be attended by perfusionists, cardiac surgeons and anaesthesiologists.

The congress diner will be held in a trendy restaurant in the historical centre of Antwerp.

The industry prize for the best presentation and the Belsect prize for the youngest presenter will be awarded. Perfusionists with a ten-year membership will be nominated.

We are looking forward to welcome you on this scientific and social event.

The scientific committee,

Geert VAN VAERENBERGH, Aalst
Renate VLAEMINCK, Antwerpen

TENTH SYMPOSIUM ON PERFUSION

ORGANIZING COMMITTEE THE BELGIAN SOCIETY OF EXTRACORPOREAL TECHNOLOGY

Members of the Board:

President **Francine Blaffart**, Liège
Vice-President **Geert Van Vaerenbergh**, Aalst
Secretary **Luc Puis**, Leuven
Treasurer **Théo Amand**, Liège
Young Member **Gerdy Debeuckelaere**, Edegem

Scientific Congress Committee

Geert Van Vaerenbergh, Aalst
Renate Vlaeminck, Antwerpen

Location

The Tenth symposium on Perfusion will take place in

Congres Centrum Ter Elst
Ter Elststraat 310
2650 Edegem
Tel: 03 450 90 00
Fax: 03 450 90 90
www.terelst.be

Date

Saturday October 7th, 2006

Language

The official languages of the symposium are English, French and Dutch.
No simultaneous translation will be available.

Papers to be submitted to

General information

The abstract has to be written in English on one page A4 (210x297 mm).

Limit your abstract to 250 words

1st line: title of the communication

2nd line: initials of first name and name of the authors, underline the name of the speaker, institution

The abstract has to be organised in: introduction, material, methods, results and conclusion.

TENTH SYMPOSIUM ON PERFUSION

Abstract deadline:
June 1th, 2006

TENTH SYMPOSIUM ON PERFUSION

Saturday 7th October

Provisional Conference Program

Introduction and welcome address by the President of BELSECT

Invited speakers

M. Ranucci, MD

“What is the adequate flow during CPB”,

A.Undar, PhD

“Pulsatile flow in pediatric patients”,

M.de Leval, MD

”Safety in perfusion”

Principles of oxygenator Function

Low prime oxygenators

Oxygen transfer

New developments in perfusion

Minimized ECC

Minimal Invasive cardiac surgery

Perfusion and MID-CAB / OPCAB

Non thrombogenic surfaces

Heparin coating

Autotransfusion

Neurologic protection during ECC

Perfusion and transplantation

Perfusion education

Pediatric cardiopulmonary bypass

Assist devices: management

Assist devices: role of the perfusionist

Vad versus total artificial heart

BELSECT SYMPATHIZING MEMBERS

SUSTAINING MEMBERS :

Medtronic
Omega Hospital NV
Sorin Biomedica
Terumo Europe NV

SUPPORTING MEMBERS :

Beldico
Datascope Intervascular
Edwards NV
Laméris NV
Nootens-Arrow

CONTRIBUTING MEMBERS :

Bayer
Haemonetics
L. M. C.
NPBI International
QP&S
Romed
